

HIGOLD®

Nano Stone Texture Sink

Sink with integrated multi-function

Dual steps design
Single and double bowls can be changed to use at will

3D Embossed
Anti-scratch and wear-resistant

Swash and store
in partitions
be changed to use at will

Foldable roll-mat
Insulation draining

Nano technology
Self-cleaning and anti-fouling

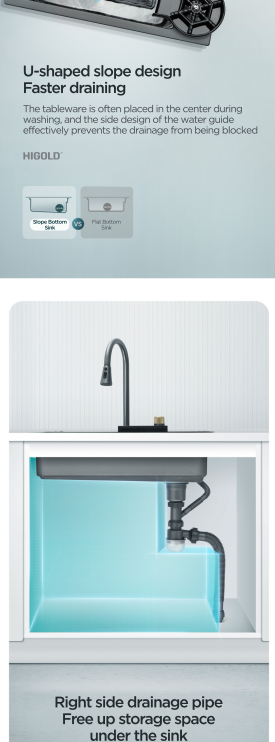

SUS304
Strong rust resistance

Gold C position, 1 for everyone

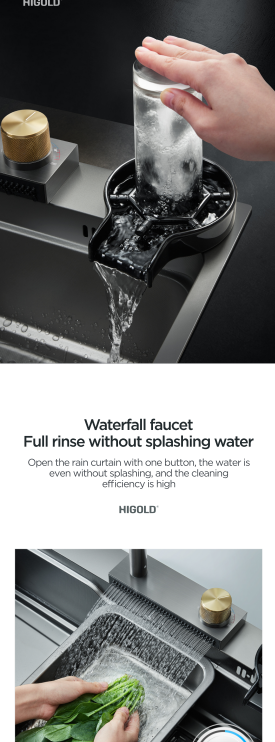

One sink solution for washing cutting and draining

Solve the space limitation of small apartments and optimize the function of the sink, and the occupation of the countertop area, high-efficient food preparation

3D Embossed Scratch-resistant and wear-resistant

Upgraded 3D embossing, higher density and less sticky oil. The texture can reduce the contact area between the tableware and the sink, and it is not only stain-resistant but also scratch-resistant

3D embossed sink

Concave-convex design

Relatively less contact area between the tableware and sink

The surface of the sink is not easy to scratch

Normal sink

Overall contact with tableware

The surface of the sink is easy to adhere to oil

The surface of the sink is easy to scratch

U-shaped slope design

Faster draining

The tableware is often placed in the center during washing, and the side design of the water guide effectively prevents the drainage from being blocked

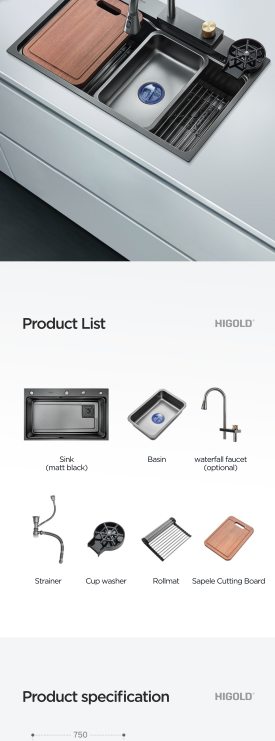

Slope Bottom Sink

Flat Bottom Sink

Right side drainage pipe

Free up storage space under the sink

Right side drainer design to free up the space to the greatest extent, let the creative storage fill the home life

Pressurize cup washer

One-press water outlet, no electricity required

Press down on the cup, flush the water column 360° without dead corner to sweep away the stains, easily solve the problem of washing cups

Waterfall faucet

Full rinse without splashing water

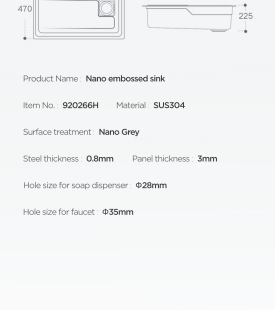

Open the rain curtain with one button, the water is even without splashing, and the cleaning efficiency is high

Switching knob

Hot and cold dual holes water outlet

The cleaning mode can be switched freely

Three water outlet modes of the faucet, 50cm pull length

50cm Pull-out faucet | 360° Rotatable

Focus on details and quality

01 3mm thick panel

SUS304 stainless steel
Thick material, anti-scratch and wear-resistant

02 Dual layers filter

Drains freely and anti-blocking

03 Silent Lamination Layer

Effective sound attenuation, avoiding moisture in the cabinet

Matted Black A set

Product List

Sink (matt black) | Basin | waterfall faucet (optional)

Strainer | Cup washer | Rollmat | Sapele Cutting Board

Product specification

Product Name: Nano embossed sink
Item No.: 920267H | Material: SUS304
Surface treatment: Matt Black with Nano Coating
Steel thickness: 0.8mm | Panel thickness: 3mm
Hole size for soap dispenser: Φ28mm
Hole size for faucet: Φ35mm

Product dimension	Topmount cutout size	Bowl size	Step size
L: 750 W: 470 H: 225	L: 730 W: 450	L: 698 W: 346	L: 713 W: 369

* The unit is mm and the specific size is subject to the actual product.

Matted Black B set

Product List

Sink (matt black) | Basin | 980127 (optional)

Strainer | Cup washer | Rollmat | Sapele Cutting Board

Product specification
